We aim to keep in stock everything for the Planter or Dealer, all graded to our standard, known as the Fredonia Standard, which we originated many years ago, and now well known to the trade wherever grape vines are planted. Through our immense business and wide acquaintance we have established a national reputation for accuracy in varieties, grading to the highest standard, and promptness in filling orders, of which we are proud, and which it will always be our aim to deserve.

Green's Early

Is a white grape, in size nearly as large as Niagara, of fine quality, ripening before Moore's Early, an excellent shipper. The vine is a chance seedling of the Concord type, discovered about thirteen years ago in Portland, Chautauqua Co., N. Y. It has been quite largely planted in this county, where it has attracted much attention among vineyardists. We believe it a valuable acquisition and recommend its trial.

Small Fruits

IN CONNECTION with our specialty, Grape Vines, we also grow a large stock of small fruit plants including all leading well tested varieties. This year we offer an especially fine stock of Currants and Blackberries.

STRAWBERRY plants we offer this Spring are very strong and well rooted. They are all grown on ground especially prepared for the purpose, in new beds planted in the Spring of 1904. We have no old plants on our grounds.

All orders will be filled with plants carefully selected, freshly dug, tied in bundles of 50 each and packed in crates with open tops to avoid danger of heating while on the way. Order early to ensure your order being filled before our assortment of varieties is broken.

Special Notice

We had a favorable season for growth last year, and our stock of all kinds is above the average in quality. We recently bought a new farm with a soil especially adapted to our wants, on which nursery stock has never been grown, and on this we had the finest growth of Grape Vines, Currants, etc., we have ever seen. Our customers can rely on their orders being filled with extra fine stock. Order early to ensure your order being filled in full before our assortment of varieties is broken.
